UNIT DIRECTIONS LESSON 2

Parent Resources for Good Morning..!

Goals of this lesson:

- · Locate the Sun in the morning sky.
- Use the senses of vision and hearing to identify the morning environment.
- Identify East as the direction where the Sun rises in the morning.
- Read a poem and indicate words that rhyme.

Map review:

- Sid the Science Kid tells us about maps: https://clever.discoveryeducation.com/ learn/player/eb999998-d787-4a03-93b2-2bef6c242e13
- Online, one of the best ways to look at the area where you live is with Google Earth. https://www.google.com/earth/ After loading the online program, click on the magnifying glass at the top left side of your screen and enter your home address. Google Earth will take you from outer space to see where you live.

In this lesson, we go outside to see where the sun is in the morning sky.

- Primary reading passage about sunrise and sunset. https:// clever.discoveryeducation.com/learn/player/b1f340c1-d13e-422c-85b3d6fdd941a756
- Video clip about day and night. https://clever.discoveryeducation.com/learn/ player/6e3fcf22-3ddf-44a0-b27e-d639e6e2f4f3

We also read a poem about the sunrise.

- Video clip about rhyme, and using rhyme to remember important things. https://clever.discoveryeducation.com/learn/player/5a658526-010f-4d38-b1e0-bf410040400d
- A playful video on the steps to write your own poem. https:// clever.discoveryeducation.com/learn/player/6f108639-343b-4775-864e-46d1afc42a59

Good Morning ..!

In the first lesson you drew a simple map. But some maps can be very fancy and we use special words to tell us directions on those fancy maps. As early as you can, go outside and take a look at the sky. Where's the Sun? When the Sun comes up in the morning, we call that time **sunrise**.

Draw a picture of the sunrise in the morning sky.

Now, listen. What do you hear? Is it really quiet? When you listen carefully you should hear some sounds that happen only in the morning. Add what's making those sounds to your picture. The Sun rises every day in a direction called East. Think of this: right or left might be different	
depending on where you're standing. (Face someone else and both of you raise your right hand. See the difference?) But East is always in the same place. That's why it's a good word to use for one of the directions on a map. Every day the Sun rises in the East.	
Here's a poem about sunrise. In poems, some of the words rhyme, or have the same ending sound. Usually these rhyming words are at the end, or near the end of the lines in the poem. Read the poem Glad Day . Circle the two words in the poem that rhyme with "day." Then, think of other words that rhyme with "day." Write those rhyming words on the lines below.
